What do we ask in Return?

Your support by being a member and engaging with us to promote naturism, attending/hosting events or volunteering in one of our activities. Your level of engagement is totally up to you.

Let's be naked together!

The FCN has advocated for Canadians since 1986 to ensure naturists are both recognized and protected in the same way as any other Canadian.

Naturism, The Law & You

Naturism in Canada has a rich and diverse history that spans decades. The general practice of nudity, particularly in the tradition of skinny dipping and sunbathing, has also been a part of our national heritage. The relationship between naturism, nudity, and the law has not always been clearly defined and has at times been contentious. The FCN advocates for naturists.

Women & Naturism

From Judy Williams of Wreck Beach to Gwen Jacobs for top freedom, since the early days of naturism, women continue to play an active role.

Children in Naturism

Whenever non-naturists discuss the naturist lifestyle, one question that inevitably comes up is "What about the children?"
